DSN: 632-5019

Commercial: +39-0434-30-5019

Location: Area 1, Building 121, Ground Floor of the MDG

The Radiology department offers out-patient diagnostic imaging services, with the below capabilities. Please note that all imaging, with the exception of screening mammograms, will require an order from the referring physician.

- Walk-in services: x-ray and screening mammography
- Scheduled studies: ultrasound, diagnostic mammogram, and specific Magnetic Resonance Imaging (MRI)

All other diagnostic services to include Computed Tomography (CT), various Magnetic Resonance Imaging (MRI), Fluoroscopy, and advanced imaging procedures will require a referral to the host nation from the patient's provider
